

Publish your animal exhibits in the ZooLex Gallery

The most extensive publication on animal exhibits available on the internet.

ZooLex animal exhibit presentations contain up to 25 pictures and 1500 words. Information can be entered online into 12 forms, available on the ZooLex website. If you choose to upload your text and pictures to the ZooLex website yourself, a help is available on the website:
<http://www.zoolex.org/helpe.html>.

Alternatively, you may fill out this template and add pages for your text. You may send a completed template as a print by mail or as an email attachment or on disc along with your pictures. We will upload the information provided for free.

If you have any questions or need help, please contact us:

www.zoolex.org

ZooLex Zoo Design Organization
Sobieskigasse 9/12, 1090 Vienna
Phone/Fax: 0043-1-3101060
Email: zoolex@zoolex.org

If a subject given does not apply to the exhibit you are describing, just leave the relevant space empty or put in n/a for not available. There are no requirements to submit certain information. It is your choice which information you wish to share on the ZooLex website.

1. Submitter

Name of institution: _____

Mail address:

Phone (country code, city code, local no.): _____

Fax: _____

URL: <http://> _____

Email address (For our reference, not to be published): _____

Person responsible for this submission (Please give official name and contact of the institution.)

2. Exhibit

Name of exhibit: _____

KEYWORDS (exhibit topic, message, etc., terms you would use to search for this exhibit):

ANIMALS for which exhibit is designed (the max. number of animals that can be held in the exhibit should be given in the format “males.females.young”, for example, 1.2.4):

Families (Taxonomy)	Species (Scientific name)	Common name	Max. number

AWARDS gained:

Year	Name of Award

3. Description

Please give a general description of the exhibit stating its purpose and goals. What is the layout of the exhibit? What are the main features? Was the design a part of a master plan? Was it a renovation of an existing building?

4. Costs of exhibits

Estimate for total exhibit costs: _____ currency: _____

Estimate for design costs as _____ % of total costs

Please describe allocation of means for design, construction and maintenance:

5. Size of exhibit

Please describe space allocation (in m, m², m³).

If the exhibit is part of a larger entity, please state the size of the whole entity as well:

--

Please give dimensions of exhibit areas. Accessible areas are those that can be physically used (usually not planting beds, water moats, etc.). The total exhibit area will include these spaces. Please estimate when figures are not known.

users	indoors		outdoors		total exhibit
